### 3 Scope

This policy applies to all current students, their families and carers, teachers and school staff.

### 4 Policy

The Berry Street School define bullying as:

*Repeated verbal, physical, social or psychological aggressive behaviour by a person or group directed towards a less powerful person or group that is intended to cause harm, distress or fear.*

### 5 Prevention of and early intervention in Bullying

The School Senior Leadership Team (SSLT) and Campus Leadership Teams will take proactive steps to reduce the risk of bullying which includes establishing and maintaining a culture and expectation of respect. This will be achieved through programs, curriculum and resources for staff, students, parents and carers which explore bullying and recognise and promote positive behaviour as outlined in our Berry Street School Wellbeing and Engagement Policy, and the Berry Street School Supporting Student Behaviour Procedure. Annual review of bullying incidents and feedback from students and carers will inform continued action and a planned proactive response. To prevent cyber bullying, students will hand in mobile phones to staff for safe-keeping and there will be tight control of the use of the internet and other social media in school hours.

The Berry Street School will support children to develop social connections and friendships with their peers, build skills in children to support their peers and challenge bullying or isolating behaviour between children.

### 6 Responding to incidents of bullying

All incidents of bullying will be reported and responded to in a timely manner. Staff will provide a safe environment for the 'target' and advise and consult with the Campus Leadership Team about the incident. In case of emergency, staff will call 000. Strategies for immediate intervention will be developed in consultation with involved students. The family/carer/case manager will be contacted about the incident and to decide further action.

### 7 Taking Action

There is no one best action to take in responding to bullying and any action taken will be informed by the nature of the bullying, and will include factors such as:

1. Illegality of the bullying behaviour- the school may be bound by procedures for dealing with prescribed or criminal behaviour that involves bullying.
2. Persistent or repeated behaviour patterns.
3. Single or group bullying.

Generally, expulsion will not be used as a response to bullying regardless of the severity. In accord with the philosophy of respectful and safe schools, Berry Street education programs will adopt nonpunitive approaches wherever possible and will use restorative practices to resolve situations.
